Auditors’ Report

Kim Malacara
Principal
Alexander Mitchell School

At your request our office conducted an audit of Alexander Mitchell School’s (Mitchell) financial transactions, fixed asset management, payroll exception reporting, fire drill, student attendance and textbook management procedures and activities. The purpose of our review was to assist you in your new Principal assignment by assessing whether the existing internal controls over the school’s financial and other activities can be relied upon to ensure that assets are safeguarded, procedures are followed, and transactions are properly authorized, recorded, and documented. We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

AUDIT CONCLUSION

Based upon the representations we received from you and your staff and the results of our limited testing of transactions that occurred from December 1, 2015 through November 30, 2016 it is our opinion that internal controls are:

Adequate: The school has been following most or all of the essential, prescribed internal control procedures to ensure that school assets are safeguarded and transactions are properly authorized, recorded and documented.

Inadequate: The school has not been following the essential, prescribed internal control procedures and accordingly, a high risk for misrepresentation and/or misappropriation exists at the school and these conditions should be corrected immediately.
Accordingly, it is our opinion that balances reported on monthly student activity fund (SAF) financial statements, including but not limited to the November 30, 2016 statement attached as Exhibit I, are fairly stated.

DETAIL AUDIT FINDINGS AND RECOMMENDATIONS

Our audit showed several areas in need of improvement as noted in the following table of audit findings:

The following pages provide specific details for each of the audit findings and our recommendations. In addition, we have attached a document that summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. The highlighted items within the attached document describe the internal control, procedure, or policy that did not exist at your school and should be implemented as soon as possible.
I. Financial Transactions

Cash Receipts
1. Audit Finding
   15 of the 18 (83%) Cash Receipt forms reviewed were not counter-signed by the bookkeeper.

   Recommendation
   The bookkeeper should independently count the funds and counter-sign the cash/cafeteria receipt forms.

   School Response
   On February 28, 2017, I communicated with my bookkeeper that she needs to count the funds, and counter-sign all cash/cafeteria receipt forms. She will do this in the future.

Capital Cash / Budget Reimbursement
2. Audit Finding
   IFAS account MI20101 was not used to record the disbursement and the reimbursement for the Forensics meeting trophies but IFAS account MI50001 was charged, and the purchase was greater than the $500 reimbursement limit.

   Recommendation
   The bookkeeper should ensure that all Capital Cash reimbursable expenditures are posted to the Budget Reimbursement account – MI20101 and budget reimbursement expenditures are less than $500.

   School Response
   On February 28, 2017, I communicated to my bookkeeper that all Capital Cash reimbursable expenditures should be posted to the Budget Reimbursement account-M120101 and budget reimbursement expenditures should be less than $500.

Fundraising
3. Audit Finding
   Audit review of one Fundraiser Request and Report form indicated the form was not filled out prior to the event and was not turned in one week after the event concluded, but instead was turned in seven weeks after the event.

   Recommendation
   The Principal should ensure the Fundraiser Request and Report form is completed prior to the event and turned into the bookkeeper one week after the completion of the event.

   School Response
   On March 2, 2017, I communicated to my parent coordinator and head secretary that the Fundraiser Request and Report form should be completed prior to the event and turned into the Bookkeeper one week after the completion of the event. I will communicate this expectation in the future to any staff conducting a fundraiser.
Other Expenditures and Controls

4. Audit Finding
Audit tested a professional service contract for mentoring young girls from Pearls for Teen Girls Inc. and identified that services were performed on September 23, 2015 prior to the procurement office approving the contract on October 13, 2015.

Recommendation
The Principal should ensure professional service contracts are approved by the district’s procurement office prior to services commencing.

School Response
Effective immediately, I will ensure that all professional service contracts are approved by the district’s procurement office prior to service commencing. The Pearl for Teen Girls contract was done before I was appointed principal.

5. Audit Finding
Audit tested ten expenditures and four of the ten were incorrectly coded as school supplies (ESUP), when the HP Laser Jet printer, and the HP Probook should have been coded as computers (ECPU) and both children’s book purchases should have been coded as (ENTB).

Recommendation
The Principal should review all purchases and ensure expenditures are posted to the budget code that most accurately describes the nature of the expenditure.

School Response
Effective immediately, I will ensure that all purchases and expenditures are posted to the budget code that most accurately describes the nature of the expenditure.

II. Fixed Asset Management
No audit findings.

III. Payroll Exception Reporting
No audit findings.

IV. Fire Drills

6. Audit Finding
In FY16 and FY15, Mitchell School did not conduct monthly required fire drills for four months or document the reason for not holding a drill for the months of December 2015, January 2016, October 2016, and December 2016.

Recommendation
State Statute requires that schools conduct fire drills to instruct pupils in the proper method of departure in case of an emergency. There should be a minimum of one fire drill for each month that school is in session, including any summer school programs, unless the health of students may be endangered by inclement weather conditions. The reason for not holding the drill should be documented on form SBD-11.

**School Response**
Effective immediately, I will ensure that we hold a fire drill monthly for the entire school year. If we do not hold a monthly drill due to weather, I will ensure that the form is documented “Not held due to weather conditions.”

**V. Student Attendance**

7. **Audit Finding**
Mitchell School staff does not send out a postcard or make contact by another means to the Parents or Guardians of truant students by the end of the second day when the “Alert Now” system fails to contact them.

**Recommendation**
The Principal should ensure that school staff contact parents of truant students by phone, mail, or another means before the end of the second school day after receiving a report of an unexcused absence.

**School Response**
On March 7, 2017, I spoke to my secretary and Social Worker to create a school system to send a postcard out to students’ families for students that are truant, before the end of the second school day after receiving a report of an unexcused absence. We will also include directions for parents in terms of calling in when students are absent. This postcard will be sent from the office.

**VI. Textbook Management**

8. **Audit Finding**
For the six textbooks tested from two classrooms, two of six (33%) have the status *Available*, in the Textbook Management System when all six textbooks should have been recorded in the Textbook Management System with the status *checked out*. For the two textbooks tested from the secured storage room, one of two (50%) was *marked lost*, in the Textbook Management System when both textbooks should have been recorded as *available*.

**Recommendation**
The Principal should ensure that all textbooks are properly barcoded and recorded in the Textbook Management System.

**School Response**
In spring of 2017, I will have a system for checks and balances in terms of properly barcoding and recording textbooks in the Textbook Management System by having a person retrained in this procedure and in addition, I will have my librarian double-check the textbook system with this designated person. We will implement this system when collecting books at the end of the 2016-17 school year.

School funds are accounted for through the Integrated Finance and Accounting System (IFAS). The MPS School Accounting Manual (SAM), MPS Financial Standards (FS), Travel Policies and Procedures Manual (TPPM), Educational Materials Inventory Management Process Manual (EMIVMP), and Board Administrative Policies and Procedures (BAP) are the primary sources for district financial guidelines. The following information summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. In some cases, information and/or explanations were added or expanded by Audit Services based on best business practices (BBP). Sources where more detailed information can be found are referenced throughout.

I. **Financial Transactions**

**IFAS-Student Activity (IFAS-SA) Balance Sheet**

Purpose: To ensure that no expenditures are made in excess of funds available in an account and that only school-related activities are represented on the balance sheet.

1. The principal should ensure that IFAS-SA Balance Sheet accounts never have negative balances (except the budget reimbursement – xx20101 L201 and camp reimbursement – xx20301 L205 accounts). No expenditure should be made in excess of the total funds in the club’s account. [SAM]

2. All accounts on the general ledger should represent currently active, school-sponsored clubs or activities. Cash balances relating to inactive club accounts should be transferred to the General School account after one year. [SAM]

3. The principal/secretary/bookkeeper should ensure that the petty cash is kept in the office and in a secure location. [SAM]

4. The principal should ensure that the petty cash is no more than $50. [BBP]

5. The principal should receive, open, and review the bank statements. The principal should review cancelled checks returned with the bank statement to ensure all checks were signed by the principal. [SAM]

6. The monthly bank statement should be reconciled to the IFAS-SA report and checkbook balance and a copy of the reconciliation should be remitted to the Finance Department by the 20th of the month. The review of the bank reconciliation should be performed in tandem with the monthly review of the school’s financial records and should be signed by the principal. [SAM, FS #7, BAP 3.06]
7. The secretary/bookkeeper should record bank adjustments such as returned items and bank charges in the checkbook as soon as they are known. [SAM]

8. Outstanding checks greater than one year old should be written off. [SAM]

9. Correction memos from the bank and adjusting entries on IFAS-SA should be rare occurrences. [BBP]

10. Electronic fund transfers (EFT) used to transfer monies from the school’s checking account to a central nutrition account should be monitored. Daily cafeteria receipts should be reconciled to the monthly EFT on the bank statement and differences should be investigated and resolved. [SAM, BBP]

11. Interest earned on savings accounts or certificates of deposit should be recorded when received which may be monthly, quarterly, or upon investment maturity. [SAM]

**Cash Receipts**

**Receipt of Funds**

Purpose: To ensure adequate control is maintained over all funds that are received by school personnel.

1. When an individual (advisor) receives funds, the advisor should, on a daily basis, count the funds and prepare and sign the standard three-part Cash Receipt form which includes the account number and name, date, and the breakdown of funds being deposited. The funds and the completed Cash Receipt form should then be submitted to the secretary/bookkeeper. Food service managers should prepare three signed cafeteria reports, which detail the cafeteria receipts, and submit two copies to the secretary/bookkeeper in lieu of the three-part Cash Receipt form. [SAM, BAP 3.08]

2. The secretary/bookkeeper should independently count the funds and counter-sign the Cash Receipt/cafeteria reports which detail the cafeteria receipts. The secretary/bookkeeper’s signature indicates agreement on the accuracy of the amount being deposited. If a discrepancy exists, the secretary/bookkeeper should contact the advisor and resolve the discrepancy. [SAM, BAP 3.08]

3. The secretary/bookkeeper should (a) return the last copy of the completed Cash Receipt/cafeteria reports to the advisor, (b) file the second copy of the Cash Receipt/cafeteria form by the IFAS-SA account number, and (c) attach the top copy of the Cash Receipt/cafeteria form to the bank deposit receipt to use when posting financial information to IFAS-SA. [SAM]

**Depositing the Funds**

Purpose: To ensure all funds are properly deposited.

4. All funds received should be secured in a locked environment, preferably a safe, but at least a locked cabinet or locked drawer in an area with limited access, such as the principal’s office. Under no circumstances should funds be kept in desks, file cabinets, or any location in a classroom. [SAM, BAP 3.08]

5. The secretary/bookkeeper should deposit funds at least on a weekly basis. [SAM, BAP 3.08]

6. The secretary/bookkeeper should deposit all revenue received since the last deposit. No cash should be held back for any reason. [BBP]

**Recording the Receipts and Retention of Records**

Purpose: To ensure receipts are properly recorded and that records are properly retained.

7. Each bank deposit slip should be supported by Cash Receipt forms included in that deposit. This group of documents should be filed chronologically. [SAM]

8. Whenever a deposit is made, the secretary/bookkeeper should record the deposit in the school’s checkbook register along with the new running balance. [SAM, BBP]

9. The secretary/bookkeeper should update IFAS-SA at least monthly by entering the information from the original Cash Receipt/cafeteria report. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original Cash Receipt/cafeteria report and will ensure that a reconciliation is performed between the school’s cash balance and the bank statement balance. [BBP]

10. All copies of the Cash Receipt forms should be retained by the individuals responsible for the copies. [SAM]

11. Cash donations, gifts, and scholarships should be recorded and acknowledged by the School Board in accordance with district procedures. Scholarships/grants/donations of $5,000 or more should be remitted to Central Services for administration. [SAM]
Cash Disbursements

Purpose: To ensure that all expenditures are properly authorized and approved and payments are adequately documented.

Payment Authorization and Processing

Approval

1. Original invoices and packing slips or other expenditure documentation should be submitted to the secretary/bookkeeper for Student Club account and General School expenditures to be paid by a school check. The only acceptable forms of documentation are original receipts and invoices. Photocopies and duplicate invoices are not acceptable. Statements should not be used as documentation as their purpose is only to list amounts owed. The secretary/bookkeeper should then prepare a check for the principal’s signature. [SAM]

2. Prior to check signing, the principal should ensure that (a) the expenditure is reasonable, relates to the activities of the account, and is allowable under MPS guidelines, and (b) sufficient funds are available in the club account from which the expenditure will be drawn. [SAM]

Payment

3. The checkbook and any unused check stock should be safeguarded to protect against unauthorized use. [SAM]

4. On each check stub schools should record: date, payee, description, IFAS-SA account, IFAS budget code (Capital Cash reimbursement only), amount of check, and balance in the account after the check. [SAM]

5. Checks written to a vendor by the secretary/bookkeeper should be mailed directly to the vendor and not forwarded to the club advisor. [BBP]

Documentation and CASH Entry

6. The secretary/bookkeeper should mark receipts and invoices “paid” and list the check number and date of issuance on the original invoice. This will avoid duplicate payments. [SAM]

7. The secretary/bookkeeper should enter expenditure transactions on IFAS-SA at least monthly. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original invoice and will ensure that a reconciliation is performed between the school’s cash balance and the bank statement balance. [BBP]
8. Invoices paid with a school check should be filed alphabetically by the payee’s name or by check number. If a school has many disbursements, a separate file can be set up for each vendor. [SAM]

9. The principal/secretary/bookkeeper should ensure that supporting documentation is retained. [SAM]

General

10. When writing checks to businesses, always make the check payable to the business, never to an individual. [BBP]

11. New principals should ensure that a Depository Resolution is prepared and provided to the School Accounting Division to update the bank account authorized signers. [SAM]

12. The principal should ensure that the school checking account is never overdrawn. [SAM]

13. The principal should not sign blank checks or allow checks to be signed by use of a signature stamp. [SAM, FS #8, BAP 3.06]

14. The principal should not approve checks payable to cash. [BBP]

Capital Cash/Budget Reimbursements

Purpose: To ensure that Board and categorical funded small purchases made with school checks are appropriately accounted for and processed efficiently.

1. Capital Cash should be used for small expenditures that can be reimbursed by Central Services and charged to a school’s budget. Requests for reimbursement(s) should be submitted at least once a month. All receipts/documentation must be initialed and dated by the school administrator; including the check number and amount to be reimbursed. This will let the Accounts Payable staff know the invoice has been approved for payment. [SAM, FS #5, BAP 3.06]

2. Capital Cash/Budget Reimbursement should not be used for: (a) purchases greater than $500; (b) payments to individuals (employees, contractors, or consultants); or (c) payment of travel expenses. [SAM]

3. The secretary/bookkeeper should ensure that all Capital Cash reimbursable expenditures are posted to the budget reimbursement account – xx20101 L201. When reimbursement checks are received, the secretary/bookkeeper should ensure that all items posted to account – xx20101 L201 were included on the reimbursement check. Adjusting journal entries to xx20101 L201 should be made when items recorded in xx20101 L201 are not reimbursed (e.g. sales tax, gifts for staff). [SAM, BBP]
4. Expenditures that are submitted through Capital Cash/Budget Reimbursement and are charged to a grant must comply with the grant requirements. [SAM]

**Camp and Club Accounts**

Purpose: To ensure that cash receipts and expenditures are accurately recorded and district assets are safeguarded relating to Camp and Club account activities.

1. The following IFAS-SA accounts should be set up to properly account for before and after school day care programs:
   - Account xx20302 L203 should be used to post registration receipts, and account xx20401 L204 should be used to post parent co-payments and other Camp receipts. [SAM]
   - Account xx20301 L205 should be used to record Camp expenditures to be reimbursed from the Camp budget (000-0-0-CMP-XX). Budget Reimbursement account xx20101 L201 may be used in lieu of account xx20301 L205. [SAM, BAP]

2. All Camp funds received from parents and other sources must be remitted to Finance each month. The budget adjustment account 000-0-0-CMP-XX-EBAJ is used to record these funds in IFAS. [SAM]

3. Appropriate records should be maintained by the Camp Director to show that all Camp funds received from parents are recorded on attendance and payment logs and are remitted to the school secretary with a cash receipt form for bank deposit. [BBP]

4. The secretary/bookkeeper should provide staff advisors with IFAS-SA Detail Trial Balance/Query Accounts (QA) reports each month whenever there is club account activity. A reconciled copy of the CAMP QA IFAS-SA report must be provided to the school principal for review. [SAM]

5. Staff advisors should review their club account transactions and balances for accuracy based on their retained Cash Receipt forms, invoices, and club records. The principal should ensure staff is aware of their responsibility to review their account transactions and balances for accuracy. [SAM]

**Fund Raising**

Purpose: To ensure that fund raising events are adequately monitored, fund raising revenues are properly deposited, and expenditures are reasonable and appropriate. [BAP 7.22]

1. The principal should provide prior approval for all fund raisers by signing fund raising request forms submitted by the staff advisor. [SAM]
2. The principal should obtain approval from their Regional Director of School Support for fundraisers anticipated to generate revenue of $5,000 or greater. [SAM]

3. All fund raising transactions must be conducted through the school’s checking account and reflected in the school’s General Ledger. This includes every receipt and disbursement. No cash payments to vendors are allowed. [SAM]

4. Fund raising financial report forms should be completed by the staff advisor and submitted to the secretary/bookkeeper within one week after the completion of the fund raiser.
