Auditors' Report

Ms. Lisa Rosenberg
Principal
Fairview School

At your request, our office conducted an audit of Fairview School's (Fairview) financial transactions, fixed asset management, payroll exception reporting, fire drill, student attendance and textbook management procedures and activities. The purpose of our review was to assist you in your new Principal assignment by assessing whether the existing internal controls over the school's financial and other activities can be relied upon to ensure that assets are safeguarded, procedures are followed, and transactions are properly authorized, recorded, and documented. We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

AUDIT CONCLUSION

Based upon the representations we received from you and your staff and the results of our limited testing of transactions that occurred from March 1, 2017 through February 28, 2018 it is our opinion that internal controls are:

	Internal Controls	
	Adequate	Inadequate
Financial Transactions	✓ with recommendations	
Fixed Asset Management		✓
Payroll Exception Reporting	✓	
Fire Drills	✓	
Student Attendance	✓ with recommendations	
Textbook Management	✓ with recommendations	

Adequate: The school has been following most or all of the essential, prescribed internal control procedures to ensure that school assets are safeguarded and transactions are properly authorized, recorded and documented.

Inadequate: The school has not been following the essential, prescribed internal control procedures and accordingly, a high risk for misrepresentation and/or misappropriation exists at the school and these conditions should be corrected immediately.

Accordingly, it is our opinion that balances reported on monthly student activity fund (SAF) financial statements, including but not limited to the February 28, 2018 statement attached as Exhibit I, are fairly stated.

DETAIL AUDIT FINDINGS AND RECOMMENDATIONS

Our audit showed several areas in need of improvement as noted in the following table of audit findings:

Area Reviewed	Number of Audit Findings
I. Financial Transactions	
IFAS-Student Activity Balance Sheet	-
Cash Receipts	-
Cash Disbursements	1
Capital Cash / Budget Reimbursements	-
Camp & Club Accounts	3
Fund Raising	-
Other Expenditures and Controls	1
II. Fixed Asset Management	2
III. Payroll Exception Reporting	-
IV. Fire Drills	-
V. Student Attendance	1
VI. Textbook Management	1

The following pages provide specific details for each of the audit findings and our recommendations. In addition, we have attached a document that summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. The highlighted items within the attached document describe the internal control, procedure, or policy that did not exist at your school and should be implemented as soon as possible.

I. Financial Transactions

Cash Disbursements

1. Audit Finding

One of five (20%) invoices reviewed were not marked "PAID" and did not note the check number, amount paid and date of issuance.

Recommendation

The Principal should instruct the Bookkeeper to mark all invoices "PAID" and include the check number, amount paid and date of issuance.

School Response

I will instruct the Bookkeeper to mark all invoices "PAID" and to note the check number, amount paid and date of issuance.

Camp & Club Accounts

2. Audit Finding

The school issued checks to vendors for supplies and materials for the Camp program. In addition, Fairview staff was reimbursed with school checks for supplies and materials used in the Camp program.

Recommendation

The Principal should ensure that Camp related expenditures are paid through the budget reimbursement or direct pay process. Camp materials and supplies should not be paid for with school checks.

School Response

I will work with the Camp Director and Bookkeeper to ensure that Camp related expenditures are paid through direct pay or budget reimbursement process rather than using school checks.

3. Audit Finding

Monies collected for Camp registration and parent co-payments were not remitted to the Department of Finance monthly. The IFAS-SA balance sheet at February 28, 2018 shows camp co-payment monies collected totaling \$7,933, with only three of six required remittances made during the 2017-18 school year through February 2018.

Recommendation

The Principal should direct the Bookkeeper to remit Camp registration and co-payments to the Department of Finance on a monthly basis and instruct the Bookkeeper to remit the current balance immediately.

School Response

I will direct the Bookkeeper to remit camp registration and copayments to Department of Finance on a monthly basis and to remit the current balance immediately.

4. Audit Finding

Review of one student activity account indicated that the school advisor did not maintain complete documentation for all activity that occurred on the account. Not all copies of Cash Receipt forms or copies of invoices / receipts were maintained. In addition, the advisor does not review the Detail Trial balance statements from the Bookkeeper to confirm for accuracy.

Recommendation:

The Principal should direct staff advisors to maintain complete records of activity in their accounts, including cash receipt forms and copies of invoices or receipts and ensure staff is aware of their responsibility to review their account transactions and balances for accuracy.

School Response

I will direct school advisors to maintain complete and accurate records of activity in their accounts, including cash receipt forms and copies of invoices or receipts. I will also ensure that they are aware of their responsibility to review their account transactions and balances for accuracy.

Other Expenditures and Controls

5. Audit Finding

Our review of ten expenditures showed that in two instances, orders for a Surface Pro tablet and a leaf blower, were charged to ESUP (supplies) when ECPU (computers) and ENCQ (non-capital equipment), respectively, would have been more appropriate.

Recommendation:

When purchasing goods for the school, the Principal should direct the Bookkeeper to post expenditures to the budget codes that most accurately describe the nature of the expenditures.

School Response

I will direct the Bookkeeper to post expenditures to the proper budget codes that most accurately describe the nature of the expenditures.

II. Fixed Asset Management

6. Audit Finding

Sixteen Samsung tablets, an HP desktop computer and an HP notebook computer, were not entered on IFAS. In addition, five orders of fixed assets purchased during the time of our review, for twenty four Samsung tablets, one HP notebook computer, three Jtouch electronic interactive boards, one Surface Pro tablet, and one leaf blower were not entered on IFAS and were not tagged. Further, the HP notebook computer purchased during the time of our review, was not located.

Recommendation

The Principal should attempt to locate the notebook computer and direct staff to enter fixed assets on IFAS within 30 days of receipt and direct technology staff to tag all equipment with an MPS tag.

School Response

I have been attempting to locate the notebook computer and I will direct staff and technology staff to enter fixed assets on IFAS within 30 days of receipt and to ensure all equipment is tagged with an MPS tag. I would like it noted that I was not working at Fairview when the item was ordered, delivered or assigned.

7. Audit Finding

The school was not accurately performing random audits nor completing the physical inventory of all assets. In addition, Receipt for District Equipment forms were not updated for Surface Pro tablets assigned to the Principal and Assistant Principal.

Recommendation

Periodically during the school year, random audits should be made to determine if assets are still in use or if they should be removed from the IFAS fixed asset register. A physical inventory of all fixed assets must be completed prior to the end of each school year. In addition, the Principal and Assistant Principal should update the Receipt for District Equipment forms for the Surface Pro tablets that were assigned to them.

School Response

I will work with the technology staff to perform random audits of assets as well as completing a physical inventory of all fixed assets annually at the end of the school year. We will update receipt for District Equipment forms for Surface Pro Tablets assigned to Administration.

III. Payroll Exception Reporting

No audit findings.

IV. Fire Drills

No audit findings.

V. Student Attendance

8. Audit Finding

School staff does not consistently contact the parents or guardians of truant students by the end of the second day of an unexcused absence. School staff relies on Messenger auto dialer

to contact parents of truant students; however, if parents are not reached by Messenger, they are not consistently contacted within 48 hours of a reported truancy.

Recommendation:

The Principal should direct staff to contact parents of truant students by phone or another means before the end of the second day after receiving a report of an unexcused absence.

School Response

I will direct staff to contact parents of truant students by phone or another means before the end of the second day after receiving a report of an unexcused absence. I believe this was being done but not documented.

VI. Textbook Management

9. Audit Finding

The school accounted for only 54.29% of their textbook inventory. In addition, for the six textbooks tested from two classrooms, selected from student desks and open shelves, two of six (33%) have the status *checked out*, two of six (33%) have the status *available*, and two more have the status *lost*. The six textbooks should have been recorded in the textbook management system with the status *checked out*.

Recommendation

The Principal should ensure that (1) all materials provided to individual teachers and students are recorded in the textbook management system, and (2) the school meets the 95% district textbook inventory requirement.

School Response

I will ensure that all materials provided to teachers and students are recorded in the textbook management system and plan to meet the 95% district textbook inventory requirement.

MILWAUKEE PUBLIC SCHOOLS
OFFICE OF AUDIT SERVICES
Internal Controls and Other Procedures

School funds are accounted for through the Integrated Finance and Accounting System (IFAS). The MPS School Accounting Manual (SAM), MPS Financial Standards (FS), Travel Policies and Procedures Manual (TPPM), Educational Materials Inventory Management Process Manual (EMIVMP), and Administrative Policies and Procedures (AP) are the primary sources for district financial guidelines. The following information summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. In some cases, information and/or explanations were added or expanded by Audit Services based on best business practices (BBP). Sources where more detailed information can be found are referenced throughout.

I. Financial Transactions

IFAS-Student Activity (IFAS-SA) Balance Sheet

Purpose: To ensure that no expenditures are made in excess of funds available in an account and that only school-related activities are represented on the balance sheet.

1. The principal should ensure that IFAS-SA Balance Sheet accounts never have negative balances (except the budget reimbursement – xx20101 L201 and camp reimbursement – xx20301 L205 accounts). No expenditure should be made in excess of the total funds in the club's account. [SAM]
2. All accounts on the general ledger should represent currently active, school-sponsored clubs or activities. Cash balances relating to inactive club accounts should be transferred to the General School account after one year. [SAM]
3. The principal/secretary/bookkeeper should ensure that the petty cash is kept in the office and in a secure location. [SAM]
4. The principal should ensure that the petty cash is no more than \$50. [BBP]
5. The principal should receive, open, and review the bank statements. The principal should review cancelled checks returned with the bank statement to ensure all checks were signed by the principal. [SAM]
6. The monthly bank statement should be reconciled to the IFAS-SA report and checkbook balance and a copy of the reconciliation should be remitted to the Finance Department by the 20th of the month. The review of the bank reconciliation should be performed in tandem

with the monthly review of the school's financial records and should be signed by the principal. [SAM, FS #7, AP 3.06]

7. The secretary/bookkeeper should record bank adjustments such as returned items and bank charges in the checkbook as soon as they are known. [SAM]
8. Outstanding checks greater than one year old should be written off. [SAM]
9. Correction memos from the bank and adjusting entries on IFAS-SA should be rare occurrences. [BBP]
10. Electronic fund transfers (EFT) used to transfer monies from the school's checking account to a central nutrition account should be monitored. Daily cafeteria receipts should be reconciled to the monthly EFT on the bank statement and differences should be investigated and resolved. [SAM, BBP]
11. Interest earned on savings accounts or certificates of deposit should be recorded when received which may be monthly, quarterly, or upon investment maturity. [SAM]

Cash Receipts

Receipt of Funds

Purpose: To ensure adequate control is maintained over all funds that are received by school personnel.

1. When an individual (advisor) receives funds, the advisor should, on a daily basis, count the funds and prepare and sign the standard three-part Cash Receipt form which includes the account number and name, date, and the breakdown of funds being deposited. The funds and the completed Cash Receipt form should then be submitted to the secretary/bookkeeper. Food service managers should prepare three signed cafeteria reports, which detail the cafeteria receipts, and submit two copies to the secretary/bookkeeper in lieu of the three-part Cash Receipt form. [SAM, AP 3.08]
2. The secretary/bookkeeper should independently count the funds and counter-sign the Cash Receipt/cafeteria reports which detail the cafeteria receipts. The secretary/bookkeeper's signature indicates agreement on the accuracy of the amount being deposited. If a discrepancy exists, the secretary/bookkeeper should contact the advisor and resolve the discrepancy. [SAM, AP 3.08]
3. The secretary/bookkeeper should (a) return the last copy of the completed Cash Receipt/cafeteria reports to the advisor, (b) file the second copy of the Cash Receipt/cafeteria form by the IFAS-SA account number, and (c) attach the top copy of the Cash

Receipt/cafeteria form to the bank deposit receipt to use when posting financial information to IFAS-SA. [SAM]

Depositing the Funds

Purpose: To ensure all funds are properly deposited.

4. All funds received should be secured in a locked environment, preferably a safe, but at least a locked cabinet or locked drawer in an area with limited access, such as the principal's office. Under no circumstances should funds be kept in desks, file cabinets, or any location in a classroom. [SAM, AP 3.08]
5. The secretary/bookkeeper should deposit funds at least on a weekly basis. [SAM, AP 3.08]
6. The secretary/bookkeeper should deposit all revenue received since the last deposit. No cash should be held back for any reason. [BBP]

Recording the Receipts and Retention of Records

Purpose: To ensure receipts are properly recorded and that records are properly retained.

7. Each bank deposit slip should be supported by Cash Receipt forms included in that deposit. This group of documents should be filed chronologically. [SAM]
8. Whenever a deposit is made, the secretary/bookkeeper should record the deposit in the school's checkbook register along with the new running balance. [SAM, BBP]
9. The secretary/bookkeeper should update IFAS-SA at least monthly by entering the information from the original Cash Receipt/cafeteria report. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original Cash Receipt/cafeteria report and will ensure that a reconciliation is performed between the school's cash balance and the bank statement balance. [BBP]
10. All copies of the Cash Receipt forms should be retained by the individuals responsible for the copies. [SAM]
11. Cash donations, gifts, and scholarships should be recorded and acknowledged by the School Board in accordance with district procedures. Scholarships/grants/donations of \$5,000 or more should be remitted to Central Services for administration. [SAM]

Cash Disbursements

Purpose: To ensure that all expenditures are properly authorized and approved and payments are adequately documented.

Payment Authorization and Processing

Approval

1. Original invoices and packing slips or other expenditure documentation should be submitted to the secretary/bookkeeper for Student Club account and General School expenditures to be paid by a school check. The only acceptable forms of documentation are original receipts and invoices. Photocopies and duplicate invoices are not acceptable. Statements should not be used as documentation as their purpose is only to list amounts owed. The secretary/bookkeeper should then prepare a check for the principal's signature. [SAM]
2. Prior to check signing, the principal should ensure that (a) the expenditure is reasonable, relates to the activities of the account, and is allowable under MPS guidelines, and (b) sufficient funds are available in the club account from which the expenditure will be drawn. [SAM]

Payment

3. The checkbook and any unused check stock should be safeguarded to protect against unauthorized use. [SAM]
4. On each check stub schools should record: date, payee, description, IFAS-SA account, IFAS budget code (Capital Cash reimbursement only), amount of check, and balance in the account after the check. [SAM]
5. Checks written to a vendor by the secretary/bookkeeper should be mailed directly to the vendor and not forwarded to the club advisor. [BBP]

Documentation and CASH Entry

6. The secretary/bookkeeper should mark receipts and invoices "paid" and list the check number and date of issuance on the original invoice. This will avoid duplicate payments. [SAM]

7. The secretary/bookkeeper should enter expenditure transactions on IFAS-SA at least monthly. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original invoice and will ensure that a reconciliation is performed between the school's cash balance and the bank statement balance. [BBP]
8. Invoices paid with a school check should be filed alphabetically by the payee's name or by check number. If a school has many disbursements, a separate file can be set up for each vendor. [SAM]
9. The principal/secretary/bookkeeper should ensure that supporting documentation is retained. [SAM]

General

10. When writing checks to businesses, always make the check payable to the business, never to an individual. [BBP]
11. New principals should ensure that a Depository Resolution is prepared and provided to the School Accounting Division to update the bank account authorized signers. [SAM]
12. The principal should ensure that the school checking account is never overdrawn. [SAM]
13. The principal should not sign blank checks or allow checks to be signed by use of a signature stamp. [SAM, FS #8, AP 3.06]
14. The principal should not approve checks payable to cash. [BBP]

Capital Cash/Budget Reimbursements

Purpose: To ensure that Board and categorical funded small purchases made with school checks are appropriately accounted for and processed efficiently.

1. Capital Cash should be used for small expenditures that can be reimbursed by Central Services and charged to a school's budget. Requests for reimbursement(s) should be submitted at least once a month. All receipts/documentation must be initialed and dated by the school administrator; including the check number and amount to be reimbursed. This will let the Accounts Payable staff know the invoice has been approved for payment. [SAM, FS #5, AP 3.06]

2. Capital Cash/Budget Reimbursement should not be used for: (a) purchases greater than \$500; (b) payments to individuals (employees, contractors, or consultants); or (c) payment of travel expenses. [SAM]
3. The secretary/bookkeeper should ensure that all Capital Cash reimbursable expenditures are posted to the budget reimbursement account – xx20101 L201. When reimbursement checks are received, the secretary/bookkeeper should ensure that all items posted to account – xx20101 L201 were included on the reimbursement check. Adjusting journal entries to xx20101 L201 should be made when items recorded in xx20101 L201 are not reimbursed (e.g. sales tax, gifts for staff). [SAM, BBP]
4. Expenditures that are submitted through Capital Cash/Budget Reimbursement and are charged to a grant must comply with the grant requirements. [SAM]

Camp and Club Accounts

Purpose: To ensure that cash receipts and expenditures are accurately recorded and district assets are safeguarded relating to Camp and Club account activities.

1. The following IFAS-SA accounts should be set up to properly account for before and after school day care programs:
 - Account xx20302 L203 should be used to post registration receipts, and account xx20401 L204 should be used to post parent co-payments and other Camp receipts. [SAM]
