AUDIT OBJECTIVE, SCOPE AND METHODOLOGY

At your request, our office conducted an audit of Lynde and Harry Bradley Technology and Trade High School's (Bradley Tech) financial transactions, fixed asset management, payroll exception reporting, fire drill, student attendance and textbook management procedures and activities. We selected a random sample of transactions including but not limited to cash receipts, cash disbursements, budget reimbursements, payroll records, fixed assets, fire drill reports, student attendance documents and textbook data for the period October 1, 2017 through September 30, 2018. The purpose of our review was to assist you in your new Principal assignment by assessing whether the existing internal controls over the school's financial and other activities can be relied upon to ensure that assets are safeguarded, procedures are followed, and transactions are properly authorized, recorded, and documented.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

AUDIT CONCLUSION

Based upon the representations we received from you and your staff and the results of our limited testing of transactions that occurred from October 1, 2017 through September 30, 2018 it is our opinion that internal controls are:

	Internal Controls	
	Adequate	Inadequate
Financial Transactions	✓ with recommendations	
Fixed Asset Management		✓
Payroll Exception Reporting	✓	
Fire Drills	✓	
Student Attendance	✓	
Textbook Management	✓ with recommendations	

Adequate: The school has been following most or all of the essential, prescribed internal control procedures to ensure that school assets are safeguarded and transactions are properly authorized, recorded and documented.

Inadequate: The school has not been following the essential, prescribed internal control procedures and accordingly, a high risk for misrepresentation and/or misappropriation exists at the school and these conditions should be corrected immediately.

Accordingly, it is our opinion that balances reported on monthly student activity fund (SAF) financial statements, including but not limited to the September 30, 2018 statement attached as Exhibit I, are fairly stated.

DETAIL AUDIT FINDINGS AND RECOMMENDATIONS

Our audit showed several areas in need of improvement as noted in the following table of audit findings:

Area Reviewed	Number of Audit Findings
I. Financial Transactions	
IFAS-Student Activity Balance Sheet	1
Cash Receipts	-
Cash Disbursements	1
Capital Cash / Budget Reimbursements	-
Camp & Club Accounts	-
Fund Raising	1
Other Expenditures and Controls	-
II. Fixed Asset Management	1
III. Payroll Exception Reporting	-
IV. Fire Drills	-
V. Student Attendance	-
VI. Textbook Management	1

The following pages provide specific details for each of the audit findings and our recommendations. In addition, we have attached a document that summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. The highlighted items within the attached document describe the internal control, procedure, or policy that did not exist at your school and should be implemented as soon as possible.

I. Financial Transactions

IFAS-Student Activity Balance Sheet

1. Audit Finding

The September 30, 2018 IFAS balance sheet had seventeen inactive accounts that were inactive for more than twelve months totaling \$13,149 or 7.1% of the balance sheet.

Recommendation

The Principal should ensure the balances relating to the inactive accounts are transferred to the General School account if there is no future planned purpose for the accounts.

School Response

The Principal will review the inactive accounts and determine if they are still in use. Accounts that are deemed inactive will have funds transferred to the general school account.

Cash Disbursements

2. Audit Finding

A staff event (MMABSE) was expensed out of the general school account (MT50001) instead of the sunshine fund (MT30401) or another accommodation account.

Recommendation

The Principal should ensure before signing a check that the expenditure is reasonable, relates to the activities of the account, and is allowable under MPS guidelines.

School Response

The Principal will follow all MPS guidelines and check with finance regarding any questionable expenditures as it relates to activities accounts.

Fundraising

3. Audit Finding

Review of one Fundraiser Request and Report form indicated that the fundraiser event was not approved prior to the event commencing, Section I and II of the form was not properly completed with the individual in charge date missing, and the form was not turned in one week after the completion of the event.

Recommendation

Fund raising financial report forms should be completed by the staff advisor including the date and submitted to the Principal for approval prior to the event commencing. The advisor should complete the form one week after the event, and the Principal should ensure that properly completed Fundraising Request and Report forms are on file for all fund raising events.

School Response

All fundraising reports will be completed by the staff advisor including the date and submitted to the Principal for approval prior to the event commencing. Principal will ensure the fundraiser forms are on file and are completed one week after the fundraising event.

II. Fixed Asset Management

4. Audit finding

Four fixed assets were selected for audit testing – two new purchases and two existing assets located at the school. Three of the four assets were not entered in IFAS within 30 days of receipt and an annual physical fixed asset inventory has not been performed. A review of the IFAS fixed asset register identified that some assets on the report were missing serial number, location, and MPS tag number. In addition audit tested ten other school expenditures and one of the ten was a fixed asset coded incorrectly as ENTB – Non-textbook instead of ECPU – Computers (Chromebooks).

Recommendation

It is recommended that the Principal ensure (1) all assets are entered in IFAS within 30 days of receipt; (2) the correct budget codes are used for all new purchases including technology items; (3) the school staff conduct an annual physical inventory and, remove obsolete items, and update the IFAS fixed asset register to accurately reflect serial number, location, and tag number.

School Response

The Principal will work with the technology coordinator and school bookkeeper to ensure that all fixed assets are entered in IFAS within 30 days of receipt, correct budget codes are used for purchases, and maintain accurate records. A physical inventory will be conducted annually to ensure the accuracy of the fixed asset listing.

III. Payroll Exception Reporting

No audit findings

IV. Fire Drills

No audit findings

V. Student Attendance

No audit findings

VI. Textbook Management

5. Audit Finding

For the six textbooks tested from two classrooms, one of six (17%) has the status *Available*, in the Textbook Management System when the textbook should have been recorded in the Textbook Management System with the status *checked out*. In addition, Bradley Tech School accounted for 93% of their textbook inventory, falling just short of the 95% requirement.

Recommendation

The Principal should ensure that all materials provided to individual teachers and students are properly recorded in the textbook management system and the school accounts for at least 95% of their textbook inventory.

School Response

The Principal will work with the textbook coordinator and school teaching staff to ensure that all textbooks are properly assigned and accounted for. The goal will be to accurately inventory 95% of the textbooks.

MILWAUKEE PUBLIC SCHOOLS
OFFICE OF AUDIT SERVICES
Internal Controls and Other Procedures

School funds are accounted for through the Integrated Finance and Accounting System (IFAS). The MPS School Accounting Manual (SAM), MPS Financial Standards (FS), Travel Policies and Procedures Manual (TPPM), Educational Materials Inventory Management Process Manual (EMIVMP), and Administrative Policies and Procedures (AP) are the primary sources for district financial guidelines. The following information summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. In some cases, information and/or explanations were added or expanded by Audit Services based on best business practices (BBP). Sources where more detailed information can be found are referenced throughout.

I. Financial Transactions

IFAS-Student Activity (IFAS-SA) Balance Sheet

Purpose: To ensure that no expenditures are made in excess of funds available in an account and that only school-related activities are represented on the balance sheet.

1. The principal should ensure that IFAS-SA Balance Sheet accounts never have negative balances (except the budget reimbursement – xx20101 L201 and camp reimbursement – xx20301 L205 accounts). No expenditure should be made in excess of the total funds in the club's account. [SAM]
2. All accounts on the general ledger should represent currently active, school-sponsored clubs or activities. Cash balances relating to inactive club accounts should be transferred to the General School account after one year. [SAM]
3. The principal/secretary/bookkeeper should ensure that the petty cash is kept in the office and in a secure location. [SAM]
4. The principal should ensure that the petty cash is no more than \$50. [BBP]
5. The principal should receive, open, and review the bank statements. The principal should review cancelled checks returned with the bank statement to ensure all checks were signed by the principal. [SAM]
6. The monthly bank statement should be reconciled to the IFAS-SA report and checkbook balance and a copy of the reconciliation should be remitted to the Finance Department by the 20th of the month. The review of the bank reconciliation should be performed in tandem

with the monthly review of the school's financial records and should be signed by the principal. [SAM, FS #7, AP 3.06]

7. The secretary/bookkeeper should record bank adjustments such as returned items and bank charges in the checkbook as soon as they are known. [SAM]
8. Outstanding checks greater than one year old should be written off. [SAM]
9. Correction memos from the bank and adjusting entries on IFAS-SA should be rare occurrences. [BBP]
10. Electronic fund transfers (EFT) used to transfer monies from the school's checking account to a central nutrition account should be monitored. Daily cafeteria receipts should be reconciled to the monthly EFT on the bank statement and differences should be investigated and resolved. [SAM, BBP]
11. Interest earned on savings accounts or certificates of deposit should be recorded when received which may be monthly, quarterly, or upon investment maturity. [SAM]

Cash Receipts

Receipt of Funds

Purpose: To ensure adequate control is maintained over all funds that are received by school personnel.

1. When an individual (advisor) receives funds, the advisor should, on a daily basis, count the funds and prepare and sign the standard three-part Cash Receipt form which includes the account number and name, date, and the breakdown of funds being deposited. The funds and the completed Cash Receipt form should then be submitted to the secretary/bookkeeper. Food service managers should prepare three signed cafeteria reports, which detail the cafeteria receipts, and submit two copies to the secretary/bookkeeper in lieu of the three-part Cash Receipt form. [SAM, AP 3.08]
2. The secretary/bookkeeper should independently count the funds and counter-sign the Cash Receipt/cafeteria reports which detail the cafeteria receipts. The secretary/bookkeeper's signature indicates agreement on the accuracy of the amount being deposited. If a discrepancy exists, the secretary/bookkeeper should contact the advisor and resolve the discrepancy. [SAM, AP 3.08]
3. The secretary/bookkeeper should (a) return the last copy of the completed Cash Receipt/cafeteria reports to the advisor, (b) file the second copy of the Cash Receipt/cafeteria form by the IFAS-SA account number, and (c) attach the top copy of the Cash

Receipt/cafeteria form to the bank deposit receipt to use when posting financial information to IFAS-SA. [SAM]

Depositing the Funds

Purpose: To ensure all funds are properly deposited.

4. All funds received should be secured in a locked environment, preferably a safe, but at least a locked cabinet or locked drawer in an area with limited access, such as the principal's office. Under no circumstances should funds be kept in desks, file cabinets, or any location in a classroom. [SAM, AP 3.08]
5. The secretary/bookkeeper should deposit funds at least on a weekly basis. [SAM, AP 3.08]
6. The secretary/bookkeeper should deposit all revenue received since the last deposit. No cash should be held back for any reason. [BBP]

Recording the Receipts and Retention of Records

Purpose: To ensure receipts are properly recorded and that records are properly retained.

7. Each bank deposit slip should be supported by Cash Receipt forms included in that deposit. This group of documents should be filed chronologically. [SAM]
8. Whenever a deposit is made, the secretary/bookkeeper should record the deposit in the school's checkbook register along with the new running balance. [SAM, BBP]
9. The secretary/bookkeeper should update IFAS-SA at least monthly by entering the information from the original Cash Receipt/cafeteria report. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original Cash Receipt/cafeteria report and will ensure that a reconciliation is performed between the school's cash balance and the bank statement balance. [BBP]
10. All copies of the Cash Receipt forms should be retained by the individuals responsible for the copies. [SAM]
11. Cash donations, gifts, and scholarships should be recorded and acknowledged by the School Board in accordance with district procedures. Scholarships/grants/donations of \$5,000 or more should be remitted to Central Services for administration. [SAM]

Cash Disbursements

Purpose: To ensure that all expenditures are properly authorized and approved and payments are adequately documented.

Payment Authorization and Processing

Approval

1. Original invoices and packing slips or other expenditure documentation should be submitted to the secretary/bookkeeper for Student Club account and General School expenditures to be paid by a school check. The only acceptable forms of documentation are original receipts and invoices. Photocopies and duplicate invoices are not acceptable. Statements should not be used as documentation as their purpose is only to list amounts owed. The secretary/bookkeeper should then prepare a check for the principal's signature. [SAM]
2. Prior to check signing, the principal should ensure that (a) the expenditure is reasonable, relates to the activities of the account, and is allowable under MPS guidelines, and (b) sufficient funds are available in the club account from which the expenditure will be drawn. [SAM]

Payment

3. The checkbook and any unused check stock should be safeguarded to protect against unauthorized use. [SAM]
4. On each check stub schools should record: date, payee, description, IFAS-SA account, IFAS budget code (Capital Cash reimbursement only), amount of check, and balance in the account after the check. [SAM]
5. Checks written to a vendor by the secretary/bookkeeper should be mailed directly to the vendor and not forwarded to the club advisor. [BBP]

Documentation and CASH Entry

6. The secretary/bookkeeper should mark receipts and invoices "paid" and list the check number and date of issuance on the original invoice. This will avoid duplicate payments. [SAM]

7. The secretary/bookkeeper should enter expenditure transactions on IFAS-SA at least monthly. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original invoice and will ensure that a reconciliation is performed between the school's cash balance and the bank statement balance. [BBP]
8. Invoices paid with a school check should be filed alphabetically by the payee's name or by check number. If a school has many disbursements, a separate file can be set up for each vendor. [SAM]
9. The principal/secretary/bookkeeper should ensure that supporting documentation is retained. [SAM]

General

10. When writing checks to businesses, always make the check payable to the business, never to an individual. [BBP]
11. New principals should ensure that a Depository Resolution is prepared and provided to the School Accounting Division to update the bank account authorized signers. [SAM]
12. The principal should ensure that the school checking account is never overdrawn. [SAM]
13. The principal should not sign blank checks or allow checks to be signed by use of a signature stamp. [SAM, FS #8, AP 3.06]
14. The principal should not approve checks payable to cash. [BBP]

Capital Cash/Budget Reimbursements

Purpose: To ensure that Board and categorical funded small purchases made with school checks are appropriately accounted for and processed efficiently.

1. Capital Cash should be used for small expenditures that can be reimbursed by Central Services and charged to a school's budget. Requests for reimbursement(s) should be submitted at least once a month. All receipts/documentation must be initialed and dated by the school administrator; including the check number and amount to be reimbursed. This will let the Accounts Payable staff know the invoice has been approved for payment. [SAM, FS #5, AP 3.06]

2. Capital Cash/Budget Reimbursement should not be used for: (a) purchases greater than \$500; (b) payments to individuals (employees, contractors, or consultants); or (c) payment of travel expenses. [SAM]
3. The secretary/bookkeeper should ensure that all Capital Cash reimbursable expenditures are posted to the budget reimbursement account – xx20101 L201. When reimbursement checks are received, the secretary/bookkeeper should ensure that all items posted to account – xx20101 L201 were included on the reimbursement check. Adjusting journal entries to xx20101 L201 should be made when items recorded in xx20101 L201 are not reimbursed (e.g. sales tax, gifts for staff). [SAM, BBP]
4. Expenditures that are submitted through Capital Cash/Budget Reimbursement and are charged to a grant must comply with the grant requirements. [SAM]

Camp and Club Accounts
