

CONSENSUS SCORE SHEET

RFP # 829
SunGard Business PLUS Software Consulting/Developer
PROPOSAL DUE DATE: October 21, 2013

PUBLICATION DATE OF PRE-QUALIFIED VENDORS: December 5, 2013
 Expiration date for use as Pre-qualified List: December 4, 2016
 Any contract resulting from this RFP must terminate on or before December 4, 2016.

This phase of the evaluation resulted in a list of pre-qualified vendors.

After determination by MPS of a specific need, MPS will solicit cost quotes from all pre-qualified vendors for the specific skill set required. At that time, award will be made on the basis of the lowest Cost per Quality Point. Quality Points are totaled from those points assigned in the Initial Evaluation from **Qualifications with Like Projects, References, Quality of Proposed Developer**, and any points assigned by CCS (up to a maximum of 10 points). Cost per Quality Point will be evaluated to 4 places to the right of the decimal. If tie, the award will go to the vendor with the highest Quality Point total. If Quality Point scores are equal, award will be done by a coin toss.

Note: No additional points (10 maximum) were assigned to either vendor by CCS.
