## KEY TO ABBREVIATIONS AND NOTES

### Commonly Used Acronyms

- **CESA** – cooperative educational services agency
- **DIN** – decision item narrative
- **FTE** – full time equivalent
- **FY** – fiscal year
- **FED** – federal revenue
- **JCF** – Joint Committee on Finance
- **LEA** – local educational agency

### Fund Sources

- **GPR** – general purpose revenue
- **PR** – program revenue
- **PR-S** – program revenue-service
- **SEG** – segregated revenue

**FY23 Base** - The total FY23 authorized funding level for an agency or program. The base equals FY23 appropriations, pay plan modifications and any other supplements. It is this base that serves as the beginning point for calculating budget changes for the 2023-25 biennium.

### References to Members, Pupils, and Students

Throughout this document there are references to “student(s)”, “pupil(s)”, “member(s)”, and “membership”. These are all references to K-12 students, but the terms “member(s)” and “membership” reflect how students are counted under state law for purposes of state general equalization aid, certain categorical aids, and revenue limits.

Simply put, a district’s “membership” is the total full time equivalent (FTE) of students who are residents of the school district and for whom the district pays the cost of educating. As an example: a district’s “membership” includes residents who attend a public school in a different school district under the open enrollment program (and conversely, excludes non-resident students who attend a public school in the district under open enrollment). This is because each school district incurs a cost, via a reduction in its state general aid, for each resident student who enrolls into a public school in a different school district under the open enrollment program. State law provides for similar adjustments to a district’s membership for other circumstance as well.

The singular term “member” generally means 1.0 FTE pupil, unless otherwise stated (e.g., with respect to four-year-old kindergarten, which may reference 0.5 FTE or 0.6 FTE pupil).

**Membership for general equalization aid purposes** uses prior year data. A district's total membership includes the average of the September and January pupil counts (converted to FTE), and adds in the district's FTE pupils for summer school and interim session, as applicable. General aid membership now also includes resident students of the district who enroll in the Racine and the Wisconsin private school parental choice programs (if the student first enrolled in those programs in the 2015-16 school year or after), and for a subset of independent charter schools. Finally, adjustments are made to reflect students enrolled part-time in the school district, in the Youth Challenge Academy program, and for some students in foster care placements.

**Membership for revenue limit purposes** uses current and prior year data. It is comprised of the three-year rolling average of FTE of the third Friday in September student count, plus 40 percent of summer school FTE (if applicable).

While general equalization aid membership is calculated differently than membership for revenue limit purposes, the concept of a member (a resident for whom the district pays the cost of educating) is the same for both purposes.

In this document, references to "pupil" (e.g., "per pupil adjustment"), in the context of state aids and revenue limits, has the same meaning as "member", as described above.

**NOTE:** This document summarizes proposed changes to current law appropriations and programs that are included in the Department's 2023-25 biennial budget request. The full request, with additional information for each item summarized below, can be found at: [DPI 2023-25 BIENNIAL BUDGET REQUEST \(wi.gov\)](#).

## **EDUCATOR PIPELINE**

### **Supporting Future Educators – DIN 4000 (New Program)**

#### **AGENCY REQUEST:**

- Request \$1,750,000 GPR in FY25 for a new program to provide state-funded stipend payments to future educators participating in the existing teacher internship program under Wis. Stat. sec. 115.41 (Teacher improvement programs, also referred to as the “Wisconsin Improvement Program, or WIP), to individuals completing an internship as part of their student teaching requirement in a DPI-approved educator preparation program.
- Request \$7,000,000 GPR in FY25 for a new program to provide state-funded stipend payments to future educators completing their student teaching as a requirement of a DPI-approved educator preparation program.
- Request \$2,033,000 in FY25 for a new program to provide state-funded stipend payments to licensed teachers serving as cooperating teachers for WIP interns and/or student teachers.
- Request \$50,000 in FY25 to provide a stipend payment program to support individuals pursuing a career as a public library professional and placed as an intern in a public library setting.

### **Grow Your Own Educator Programs – DIN 4001 (New Program)**

#### **AGENCY REQUEST:**

- Request \$10,000,000 GPR in FY25 for a new categorical aid program to reimburse local educational agencies (LEAs) for the cost related to “Grow Your Own” initiatives and programs, as a means to build the educator workforce in Wisconsin schools.
- This proposal would create a new grant program that would reimburse LEAs for building teaching capacity in Wisconsin’s schools via “grow-your-own” (GYO) initiatives and programs – including pathways for staff to complete a program leading to an education degree and/or licensure, as well as support for student organizations that encourage high school students to pursue careers in education. GYO initiatives include (but are not limited to) the following approaches and strategies:
  - Sponsorship of high school clubs
  - Payment for costs associated with acquiring education necessary for licensure
  - Support for a career pathway using dual enrollment for high school students
  - Support for partnerships or collaborations with community organizations, educator preparation programs, or businesses focused on attracting or developing new teachers
  - Incentives to support paraprofessionals leading to licensure.

## **PREDICTABLE AND SUSTAINABLE FUNDING FOR SCHOOLS**

### **GENERAL SCHOOL AIDS AND SCHOOL DISTRICT REVENUE LIMITS**

#### **General Equalization Aid – DIN 6000**

##### **AGENCY REQUEST:**

- Increase funding for the general equalization aid appropriation, by \$201,205,000 GPR in FY24 and \$628,277,400 GPR in FY25. These figures reflect general school aid increases of 5.8 percent in FY24, and 5.9 percent in FY25, over the prior year. The total requested increase for FY24 and FY25 represents an 8.9 percent increase above the base year (FY23) doubled.
- Increase the four-year-old (4K) membership calculations for school district general equalization aid and revenue limits, independent charter schools (ICS), and private schools in the state's parental choice programs that provide a full-day 4K program, from either 0.5 or 0.6 full time equivalent (FTE) member under current law, to **1.0 FTE** member, beginning in FY25.

#### **High Poverty Aid – DIN 6000**

##### **AGENCY REQUEST:**

- Repurpose base funding from the appropriation for aid for high-poverty school districts under Wis. Stat. sec. 20.255 (2)(bb) (\$16,830,000 GPR annually) into the appropriation for general equalization aid under Wis. Stat. sec. 20.255 (2)(ac).
- The combined impact of the proposed increases in general equalization aid and the repurposing of \$16,830,000 annually from high poverty aid to general equalization aid is a net increase of \$284,375,000 GPR in FY24 (5.4 percent increase over FY23) and \$611,447,400 in FY25 (5.9 percent increase over FY24); and a biennial increase of 8.6 percent (over the FY23 base year doubled).

#### **Revenue Limits – DIN 6000**

##### **AGENCY REQUEST:**

- Change the revenue limit per pupil adjustment amount to \$350 per member in FY24 and to \$650 in FY25 and increase it by the Consumer Price Index (CPI) annually, starting in FY26.
- Increase the low revenue ceiling from \$10,000 per revenue limit member, to \$10,350 in FY24 and to \$11,000 in FY25, and index the low revenue ceiling amount to the dollar change in the revenue limit per pupil adjustment, beginning in FY26.
- Propose statutory language to remove the current law penalty denying the low revenue ceiling based on the results of a school referendum.
- Incorporate technical changes to ensure that calculation of certain aid programs are consistent with legislative intent.

## **CATEGORICAL AIDS**

### **Per Pupil Aid – DIN 6001**

#### **AGENCY REQUEST:**

- Request increases of \$20,975,000 in FY24 and \$57,537,500 in FY25 for Per Pupil Aid to school districts. The requested increases reflect proposed payments of \$766 per pupil in FY24 and to \$811 per pupil in FY25 (compared to \$742 per pupil in FY23) and projected revenue limit membership of 812,500.

### **Special Education Categorical Aid – DIN 6005**

#### **AGENCY REQUEST:**

- Request \$236,213,600 GPR in FY24 and \$517,745,600 GPR in FY25 to increase the reimbursement rate for special education expenditures to 45 percent in FY24 and 60 percent in FY25.
- Requests that the targeted reimbursement rates be specified in statute and that the appropriation type be changed from sum certain to sum sufficient.

### **Special Education-High-Cost Aid – DIN 6006**

#### **AGENCY REQUEST:**

- Request increases of \$3,040,800 GPR in FY24 and \$7,867,500 GPR in FY25 for High Cost Special Education Aid.
- Modify eligible costs to include 100 percent of prior year allowable costs (compared to 90 percent under current law) and to reimburse allowable costs at 45 percent in FY24 and 60 percent in FY25.
- Request that the targeted reimbursement rates be specified in statute and that the appropriation type be changed from sum certain to sum sufficient.

### **Sparsity Aid – DIN 6007**

#### **AGENCY REQUEST:**

- Request increases of \$630,200 GPR in FY24 and \$630,200 GPR in FY25 for Sparsity Aid for school districts. The requested funding increases are intended to fully fund aid eligibility for school districts that qualify for Sparsity Aid.
- Modify the current law Sparsity Aid “stopgap” payment so that a district that loses eligibility for Sparsity Aid because it no longer meets the sparsity criteria (fewer than 10 members per square mile) would be eligible for the one-time stop gap payment, equal to 50 percent of the district’s prior year aid payment. Under current law, a school district is eligible for the stopgap payment only if it loses eligibility due to exceeding the membership criteria.

**Pupil Transportation Aid – DIN 6008**

**AGENCY REQUEST:**

- Request modifying current law under the Pupil Transportation Aid program to increase the reimbursement rate provided to school districts and independent charter schools that transport pupils more than 12 miles, from \$375 per pupil under current law to \$400 per pupil, beginning in FY24. This change to the reimbursement rate will not require additional funding.

**Transportation Aid- High-Cost Aid – DIN 6009**

**AGENCY REQUEST:**

- Request increases of \$10,543,800 GPR in FY24 and \$10,543,800 GPR in FY25 for High Cost Transportation Aid to school districts. - Request to eliminate the existing SBMHS competitive grant program and redirect that program's \$10,000,000 annual appropriation to the proposed *Aid for comprehensive school mental health systems* (beginning in FY24), resulting in a net increase in state appropriations of \$117,914,300 annually.

### Aid for School-Based Mental Health Professionals – DIN 6011

#### AGENCY REQUEST:

- Request net increases of \$18,000,000 GPR in FY24 and \$18,000,000 GPR in FY25, to expand the *current law* Aid for School Mental Health Programs to include reimbursement for expenditures made for pupil services staff generally, rather than just for school social workers.
- Reallocate \$12,000,000 GPR each year from the current law appropriation to the proposed (total funding would be \$30,000,000 GPR annually).
- Restructure the program so as to provide reimbursement for prior year eligible costs generally, by eliminating the *current law* two-tiered aid model.
- Change the name of the program to Aid for School-Based Mental Health Professionals.

### Peer-to-Peer Suicide Prevention Grants – DIN 6012

#### AGENCY REQUEST:

- Request a statutory change to increase the maximum grant award for Peer-to-Peer Suicide Prevention Grants from \$1,000 to \$6,000. This would more accurately reflect the actual costs to a school to implement this type of program. The department is not seeking any changes to the program's base funding at this time.

### Mental Health Training Programs – DIN 6013

#### AGENCY REQUEST:

- The department requests increases of \$580,000 GPR in FY24 and \$580,000 GPR in FY25 to increase support for existing mental health training programs and to expand the types of mental health trainings that can be offered beyond the three specific program strategies authorized under current law. The department also requests that the mental health trainings be made available for staff working in out-of-school time programs that serve school-aged children and youth.

### AGENCY REQUEST:

- Request increases of \$233,900 PR-S in FY24 and \$233,900 PR-S in FY25 for providing aid for school AODA prevention programs under the existing grant program administered by DPI. The proposed increases would bring the annual appropriation back up to \$1,518,600 annually, the funding level as of FY09, prior to the across-the-board budget cuts sustained by state agencies in prior biennial budgets.
- Request an increase of \$4,520,000 GPR beginning in FY25 to restore funding for the state-funded appropriation that existed under prior law for grants for alcohol and other drug abuse prevention programs. This would provide needed increases in financial support to school districts to implement or expand existing alcohol and other drug prevention programs.

#### **AGENCY REQUEST:**

- Request \$26,500 GPR in FY24 and \$284,000 GPR in FY25 to formalize the process of earning the Wisconsin Seal of Biliteracy (WSB), in order to enable LEAs to provide greater access to formative assessments and proficiency testing in languages other than English and to allow a greater number of students to earn the Seal. ### **Personal Financial Literacy Grants - 6025 (New Program)**

#### **AGENCY REQUEST:**

- Request \$2,500,000 GPR in FY24 and \$2,500,000 GPR in FY25 to create a new a Personal Financial Literacy grant program. **Driver Education Aid – DIN 6028 (*New Program*)**

**AGENCY REQUEST:**

- Request an increase of \$6,500,000 GPR beginning in FY25 to create a new categorical aid program to offset the costs of providing driver education (DE) instruction. ### **Supplemental Nutrition Aid – DIN 6043 (*New Program*)**

#### **AGENCY REQUEST:**

The proposal would provide for no-cost meals to all students (universal access), as schools would be prohibited from charging a fee to students for meals as a condition of receiving this state aid.
- The department further proposes that the appropriation be created as sum-sufficient, to ensure that all LEAs are reimbursed for the full amount for which they are eligible for providing nutritious meals to students in schools throughout the state.
- The proposed aid would be available to all school districts, independent charter schools, private schools, and tribal schools, as well as the state's residential schools and Residential Care Centers (RCC).

**ADJUSTMENT TO PER PUPIL PAYMENTS FOR CHARTER, CHOICE, SNSP, AND OPEN ENROLLMENT**

**Adjustment to Per Pupil Payments**

**AGENCY REQUEST:**

- Under current law, the adjustment to the per pupil payment amount for independent charter schools (ICS), the state’s three private school parental choice programs, the Special Needs Scholarship Program (SNSP) are indexed to changes in resources for school districts. Specifically, the adjustment made each year is equal to the current year’s per student revenue limit adjustment plus the per member change in categorical aids. The latter is calculated by dividing the dollar change in categorical aids appropriations over the prior year by the prior year’s statewide revenue limit membership. This indexing mechanism is also used to adjust the full time transfer payment for purposes of public school open enrollment (OE).
- The department proposes to modify current law, such that these adjustments continue to be indexed to the revenue limit per pupil adjustment for school districts and to the dollar change in the Per Pupil Aid program (rather than the per member change in appropriations for all categorical aids).
- Using this proposed formula, the per pupil payments would be adjusted by \$374 in FY24 and by \$695 in FY25 (change to FY24):

	FY24	FY25
Per Pupil Revenue Limit Adjustment	\$350	\$650
Change to Per Pupil Aid	\$ 24	\$ 45
<b>TOTAL Per Pupil Increase*</b>	<b>\$374</b>	<b>\$695</b>

- The estimated per pupil payments for ICS, choice programs, and the SNSP, as well as for full time OE transfer amount under the department’s proposal are show below:

	FY23 Base	FY24	FY25
Open Enrollment (regular)	\$8,224	\$8,598	\$9,293
Choice (K-8)	8,399	8,773	9,468
Choice (9-12)	9,045	9,419	10,114
<b>Independent Charter Schools</b>	<b>9,264</b>	<b>9,638</b>	<b>10,333</b>
Open Enrollment - Special Education	13,076	13,450	14,145
Special Needs Scholarship Program	13,076	13,450	14,145
