AUDIT OBJECTIVE, SCOPE AND METHODOLOGY
At your request, our office conducted an audit of Hi-Mount Community School’s (H-Mount) financial transactions, fixed asset management, payroll exception reporting, fire drill, student attendance and textbook management procedures and activities. We selected a random sample of transactions including but not limited to cash receipts, cash disbursements, budget reimbursements, payroll records, fixed assets, fire drill reports, student attendance documents and textbook data for the period July 1, 2018 through June 30, 2019. The purpose of our review was to assist you in your new Principal assignment by assessing whether the existing internal controls over the school’s financial and other activities can be relied upon to ensure that assets are safeguarded, procedures are followed, and transactions are properly authorized, recorded, and documented.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

AUDIT CONCLUSION
Based upon the representations we received from you and your staff and the results of our limited testing of transactions that occurred from July 1, 2018 through June 30, 2019 it is our opinion that internal controls are:

**Adequate:** The school has been following most or all of the essential, prescribed internal control procedures to ensure that school assets are safeguarded and transactions are properly authorized, recorded and documented.

**Inadequate:** The school has not been following the essential, prescribed internal control procedures and accordingly, a high risk for misrepresentation and/or misappropriation exists at the school and these conditions should be corrected immediately.
Accordingly, it is our opinion that balances reported on monthly student activity fund (SAF) financial statements, including but not limited to the June 30, 2019 statement attached as Exhibit I, are fairly stated.

**DETAIL AUDIT FINDINGS AND RECOMMENDATIONS**

Our audit showed several areas in need of improvement as noted in the following table of audit findings:

The following pages provide specific details for each of the audit findings and our recommendations. In addition, we have attached a document that summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. The highlighted items within the attached document describe the internal control, procedure, or policy that did not exist at your school and should be implemented as soon as possible.
I. Financial Transactions

Balance Sheet and Bank Reconciliation
1. Audit Finding
   Per the July 2018 and June 2019 Student Activity Fund Balance Sheet, Hi-Mount had eleven (11) accounts with the same balance totaling $2,464.

   Recommendation
   The principal should ensure that inactive account balances over 12 months are transferred to the general school account if there is no future planned purpose.

   School Response
   I concur with the recommendation. I will work with my bookkeeper to make sure that all inactive accounts be closed and all monies transferred to the general school account.

Cash Receipts
2. Audit Finding
   Four of twelve (33.3%) receipts totaling $237 were not deposited in a timely manner.

   Recommendation
   The principal should ensure that all cash receipts are deposited in the bank account in a timely manner or at least once a week

   School Response
   I concur with the recommendation. I will work with my bookkeeper to make sure that all cash receipts are deposited timely, at minimum weekly.

Cash Disbursements
3. Audit Finding
   One expenditure for a teacher gala did not have proper documentation and was charged to general school account and should have been charged to an accommodation account.

   Recommendation
   The principal should ensure that 1) support documentation (such as invoices or receipts) is submitted for all disbursements and 2) all expenditures that are related to staff purchases are charged to an accommodation account.

   School Response
   Moving forward the teacher gala will have the proper documentation and all expenditures that are related to staff purchases will be charged to an accommodation account
Fundraising
4. Audit Finding
Fundraiser Request and Report forms are prepared for fundraising activity held at the school. One fundraiser selected for testing indicated the following:

- Section I, the staff advisor did not indicate expected revenue, expenditures and profits.
- Section II, the staff advisor did not list the cash receipts or expenditures. In addition, the actual receipts was not accurate.
- Section II, the signature and dates of the staff advisor and bookkeeper are approximately 2 months after fundraiser completion.

Recommendation
The principal should ensure that 1) all fundraiser request and report forms are completed properly and 2) both the staff advisor and bookkeeper complete and sign the fundraiser form after the completion of the fundraiser.

School Response
I concur with the recommendation. I will work with my bookkeeper and remind staff that all fundraiser reports are to be completed properly and make sure that the staff advisors and bookkeeper will complete and sign fundraiser forms after the completion of fundraisers.

II. Fixed Asset Management

5. Audit Finding
Two new purchases of assets were not recorded in the IFAS fixed asset inventory within 30 days of receipt and one asset did not have a MPS tag number.

Recommendation
It is recommended that the principal ensure that 1) the fixed asset register is updated with all new purchases entered within 30 days of receipt and 2) all fixed assets are properly tagged.

School Response
I concur with the recommendation. I will work with my IT Technician and the bookkeeper so that all fixed assets will be added to the register within 30 days of receipt and are properly tagged.
III. Payroll Exception Reporting

6. Audit Finding
A review of one payroll period tested identified the following:

- The “Unapproved Timesheets” were not printed and maintained for each pay period.
- The validation of Non-Hourly Employees was not performed for the pay period February 10, 2019 through February 23, 2019.

Recommendation
It is recommended that the principal ensure that 1) for each payroll period the “Unapproved Timesheet” is printed and maintained and 2) the validation of Non-Hourly Employees is done for every pay period.

School Response
I concur with the recommendation. Starting immediately, I will print and maintain for each payroll period the “Unapproved Timesheet”, and make sure the validation of Non-Hourly Employees is done for every pay period.

IV. Fire Drills

7. Audit Finding
For the 2019-20 school year:
- Two fire drills were not conducted within the first two weeks of school.

For the 2018-19 school year:
- Only one fire drill was observed by the Milwaukee Fire Department.
- A fire drill was not conducted for the month of June 2019 with fire drills to be held monthly while school is in session.

Recommendation
The principal should ensure that 1) two fire drills are held within the first two weeks of school, 2) the Milwaukee Fire Department observes two drills during the school year and 3) the school holds monthly fire drills after the first two drills are held.

School Response
I concur with the recommendation. Starting immediately, I will ensure that two fire drills are held within the first two weeks of school, the Milwaukee Fire Department will observe two drills during the school year and I will have monthly fire drills throughout the school year.
V. Student Attendance

8. Audit Finding
Two students selected for testing should have received at DA referral but only one student’s documentation could be located at the school.

Recommendation
The principal should ensure that DA referrals are sent out for those students when they accumulated the required number of absences.

School Response
I concur with the recommendation. I will work with my school Social Worker to ensure that DA referrals are sent out for those students when they accumulated the required number of absences.

VI. Textbook Management

9. Audit Finding
Textbook management testing at Hi-Mount identified the following:

- Two of six textbooks tested from classrooms were not checked out to a student or classroom with the textbooks listed as “available” on the district-wide electronic textbook management system.

- One textbook received from another school and was not properly transferred in the Destiny system.

Recommendation
The principal should ensure that 1) all textbooks assigned to students are marked “checked out” in the electronic textbook system and 2) all textbooks received from other schools are properly transferred over in the Destiny system.

School Response
I concur with the recommendation. I currently have my Student Support Teacher (SST) assisting with the textbooks. I will ensure that all textbooks assigned to students are marked “checked out” in the electronic textbook system and that all textbooks received from other schools are properly transferred over in the Destiny system.

MILWAUKEE PUBLIC SCHOOLS
OFFICE OF AUDIT SERVICES
Internal Controls and Other Procedures

School funds are accounted for through the Integrated Finance and Accounting System (IFAS). The MPS School Accounting Manual (SAM), MPS Financial Standards (FS), Travel Policies and Procedures Manual (TPPM), Educational Materials Inventory Management Process Manual (EMIVMP), and Administrative Policies and Procedures (AP) are the primary sources for district financial guidelines. The following information summarizes the most commonly used Internal Controls and Other Procedures the district requires schools to follow. In some cases, information and/or explanations were added or expanded by Audit Services based on best business practices (BBP). Sources where more detailed information can be found are referenced throughout.

I. Financial Transactions

**IFAS-Student Activity (IFAS-SA) Balance Sheet**

Purpose: To ensure that no expenditures are made in excess of funds available in an account and that only school-related activities are represented on the balance sheet.

1. The principal should ensure that IFAS-SA Balance Sheet accounts never have negative balances (except the budget reimbursement – xx20101 L201 and camp reimbursement – xx20501 L205 accounts). No expenditure should be made in excess of the total funds in the club’s account. [SAM]

2. All accounts on the general ledger should represent currently active, school-sponsored clubs or activities. Cash balances relating to inactive club accounts should be transferred to the General School account after one year. [SAM]

3. The principal/secretary/bookkeeper should ensure that the petty cash is kept in the office and in a secure location. [SAM]

4. The principal should ensure that the petty cash is no more than $50. [BBP]

5. The principal should receive, open, and review the bank statements. The principal should review cancelled checks returned with the bank statement to ensure all checks were signed by the principal. [SAM]

6. The monthly bank statement should be reconciled to the IFAS-SA report and checkbook balance and a copy of the reconciliation should be remitted to the Finance Department by the 20th of the month. The review of the bank reconciliation should be performed in tandem
with the monthly review of the school’s financial records and should be signed by the principal. [SAM, FS #7, AP 3.06]

7. The secretary/bookkeeper should record bank adjustments such as returned items and bank charges in the checkbook as soon as they are known. [SAM]

8. Outstanding checks greater than one year old should be written off. [SAM]

9. Correction memos from the bank and adjusting entries on IFAS-SA should be rare occurrences. [BBP]

10. Electronic fund transfers (EFT) used to transfer monies from the school’s checking account to a central nutrition account should be monitored. Daily cafeteria receipts should be reconciled to the monthly EFT on the bank statement and differences should be investigated and resolved. [SAM, BBP]

11. Interest earned on savings accounts or certificates of deposit should be recorded when received which may be monthly, quarterly, or upon investment maturity. [SAM]

**Cash Receipts**

**Receipt of Funds**

Purpose: To ensure adequate control is maintained over all funds that are received by school personnel.

1. When an individual (advisor) receives funds, the advisor should, on a daily basis, count the funds and prepare and sign the standard three-part Cash Receipt form which includes the account number and name, date, and the breakdown of funds being deposited. The funds and the completed Cash Receipt form should then be submitted to the secretary/bookkeeper. Food service managers should prepare three signed cafeteria reports, which detail the cafeteria receipts, and submit two copies to the secretary/bookkeeper in lieu of the three-part Cash Receipt form. [SAM, AP 3.08]

2. The secretary/bookkeeper should independently count the funds and counter-sign the Cash Receipt/cafeteria reports which detail the cafeteria receipts. The secretary/bookkeeper’s signature indicates agreement on the accuracy of the amount being deposited. If a discrepancy exists, the secretary/bookkeeper should contact the advisor and resolve the discrepancy. [SAM, AP 3.08]

3. The secretary/bookkeeper should (a) return one copy of the completed and verified Cash Receipt/cafeteria reports to the submitter, (b) file the second copy of the Cash Receipt/cafeteria form by the IFAS-SA account/key number, and (c) attach the top copy of
the Cash Receipt/cafeteria form to the bank deposit receipt to use when posting financial information to IFAS-SA. [SAM]

**Depositing the Funds**

Purpose: To ensure all funds are properly deposited.

4. All funds received should be secured in a locked environment, preferably a safe, but at least a locked cabinet or locked drawer in an area with limited access, such as the principal’s office. Under no circumstances should funds be kept in desks, file cabinets, or any location in a classroom. [SAM, AP 3.08]

5. The secretary/bookkeeper should deposit funds at least on a weekly basis. [SAM, AP 3.08]

6. The secretary/bookkeeper should deposit all revenue received since the last deposit. No cash should be held back for any reason. [BBP]

**Recording the Receipts and Retention of Records**

Purpose: To ensure receipts are properly recorded and that records are properly retained.

7. Each bank deposit slip should be supported by Cash Receipt forms included in that deposit. This group of documents should be filed chronologically. [SAM]

8. Whenever a deposit is made, the secretary/bookkeeper should record the deposit in the school’s checkbook register along with the new running balance. [SAM, BBP]

9. The secretary/bookkeeper should update IFAS-SA at least monthly by entering the information from the original Cash Receipt/cafeteria report. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original Cash Receipt/cafeteria report and will ensure that a reconciliation is performed between the school’s cash balance and the bank statement balance. [BBP]

10. All copies of the Cash Receipt forms should be retained by the individuals responsible for the copies. [SAM]

11. Cash donations, gifts, and scholarships should be recorded and acknowledged by the School Board in accordance with district procedures. Scholarships/grants/donations of $5,000 or more should be remitted to Central Services for administration. [SAM]
Cash Disbursements

Purpose: To ensure that all expenditures are properly authorized and approved and payments are adequately documented.

Payment Authorization and Processing

Approval

1. Original invoices and packing slips or other expenditure documentation should be submitted to the secretary/bookkeeper for Student Club account and General School expenditures to be paid by a school check. The only acceptable forms of documentation are original receipts and invoices. Photocopies and duplicate invoices are not acceptable. Statements should not be used as documentation as their purpose is only to list amounts owed. The secretary/bookkeeper should then prepare a check for the principal’s signature. [SAM]

2. Prior to check signing, the principal should ensure that (a) the expenditure is reasonable, relates to the activities of the account, and is allowable under MPS guidelines, and (b) sufficient funds are available in the club account from which the expenditure will be drawn. [SAM]

Payment

3. The checkbook and any unused check stock should be safeguarded to protect against unauthorized use. [SAM]

4. On each check stub schools should record: date, payee, description, IFAS-SA account, IFAS budget code (Capital Cash reimbursement only), amount of check, and balance in the account after the check. [SAM]

5. Checks written to a vendor by the secretary/bookkeeper should be mailed directly to the vendor and not forwarded to the club advisor. [BBP]

Documentation and CASH Entry

6. The secretary/bookkeeper should mark receipts and invoices “paid” and list the check number and date of issuance on the original invoice. This will avoid duplicate payments. [SAM]

7. The secretary/bookkeeper should enter expenditure transactions on IFAS-SA at least monthly. Audit Services strongly recommends weekly updates so that each student activity fund balance is known throughout the month and deficit spending does not occur. Weekly entry will also require posting to IFAS-SA based upon the original invoice and will ensure that
a reconciliation is performed between the school’s cash balance and the bank statement balance. [BBP]

8. Invoices paid with a school check should be filed alphabetically by the payee’s name or by check number or by month. If a school has many disbursements, a separate file can be set up for each vendor. [SAM]

9. The principal/secretary/bookkeeper should ensure that supporting documentation is retained. [SAM]

General

10. When writing checks to businesses, always make the check payable to the business, never to an individual. [BBP]

11. New principals should ensure that the Change in Authorized signer documentation is prepared and provided to the School Accounting Division to update the bank account authorized signers. [SAM]

12. The principal should ensure that the school checking account is never overdrawn. [SAM]

13. The principal should not sign blank checks or allow checks to be signed by use of a signature stamp. [SAM, FS #8, AP 3.06]

14. The principal should not approve checks payable to cash. [BBP]

**Capital Cash/Budget Reimbursements**

Purpose: To ensure that Board and categorical funded small purchases made with school checks are appropriately accounted for and processed efficiently.

1. Capital Cash should be used for small expenditures that can be reimbursed by Central Services and charged to a school’s budget. Requests for reimbursement(s) should be submitted at least once a month. All receipts/documentation must be initialed and dated by the school administrator; including the check number and amount to be reimbursed. This will let the Accounts Payable staff know the invoice has been approved for payment. [SAM, FS #5, AP 3.06]
