Institutional Trust Company

## Authorization Agreement for Direct Deposit of Pension Payments

MIDWEST Institutional Trust Company is pleased to offer you the availability of Automated Clearing House (ACH) for benefit payments that you receive.

ACH means that checks are not physically mailed; instead, funds are deposited to your designated financial institution account through a wire transfer. Our ACH Service ensures your benefit will be deposited on the payment date and eliminates concerns about your check being subject to postal delays. As a result, you will have use of the funds on the payment date.

To use this service or change your designated financial institution or account, complete the form below and return it to us at the address below. If completed correctly, you will become a part of the ACH System within 30 days. If your financial institution is not an ACH member, a physical check will be sent for deposit to your designated account.

\_\_\_\_\_
